ABOUT US

Luxstone is an Indian manufacturer and specialist in Engineered Architectural Finishes, offering premium surface solutions that combine distinctive aesthetics, durability, and performance for modern architectural spaces.

Our portfolio includes advanced decorative wall finishes, textured surfaces, stone and metallic resin finishes, granule-based epoxy systems, and customised surface solutions. We work with architects, interior designers, contractors, developers, and project owners to create surfaces that add character, depth, and sophistication to residential, commercial, hospitality, and institutional environments.

PRODUCT OVERVIEW

MATERIAL AND PREPARATION

Composition: Made with 100% natural marble, granite, and limestone chips, using fade-resistant natural stone that stand up to all weather conditions.

Processing: Crafted in a modern facility with high-quality chemicals and cutting-edge technology that meets top industry standards.

Quality Assurance: Extensively tested to ensure a flawless finish and premium quality every time.

APPLICATIONS

Versatility: Perfect for both **interior and exterior** wall surfaces, offering a rich, natural, and elegant look.

Uses: Revitalizes weathered stone/concrete, enhance windowsills, lintels and architectural stone works.

Suitability: Ideal for residential, commercial, and landscape projectsblending durability with visual appeal.

CUSTOMIZATION

Options: Our wall finishes are fully customizable one of the main reasons behind their growing popularity among designers and homeowners alike.

Styles: Offered in clean lines, 3D textures, and various rich finishes, each product is tailored to complement a wide range of architectural and interior design concepts.

Flexibility: We can replicate specific styles, patterns, match custom themes, giving clients complete creative freedom to bring their vision to life.

LUXSTONE

WHY CHOOSE US?

Climate-Ready:

Our textures are engineered with advanced formulations to withstand harsh heat, high humidity, and dust ensuring reliable performance in all weather conditions, especially in challenging outdoor settings.

Aesthetic Excellence:

Designed to enhance any space, Luxstone textures can be tailored in color, finish, and pattern delivering a refined, premium look that blends beautifully with both modern and classic design aesthetics.

Durability & Efficiency:

Made from high-quality natural materials, our textures offer unmatched strength and longevity. They require minimal upkeep and contribute to better insulation, helping save energy and reduce maintenance costs over time.
